## || Sunesys Announces Mobile App for iOS and Android Devices ||

February 17, 2014 (Warrington, PA) – Today, Sunesys announces a new mobile application for iOS and Android devices. Aply named the “Sunesys” app and currently available in the iTunes app store, with future availability for Android users, existing and new customers will find the latest route maps, news & events and more.

The app features an interactive map with numerous layers that display Sunesys’ fiber footprint and routes as well as office locations. Contact information for each department and geographic location, and reference documents including escalation lists by area and unscheduled outage policies can also be found. In addition, existing customers may submit trouble tickets which transmit directly to our Network Operations Center.

“We are thrilled to be first to market and look forward to the added benefits for both our existing clients and new prospects. The app provides another touch point for our customers to stay informed about Sunesys and an aid for them to contact us, file any network issues, review our maps – you name it,” states Alan Katz, Senior Vice President of Sunesys.

Sunesys plans for future app upgrades to include integration of our customer portal, the capability to request a custom quote and other additional features.

To download the Sunesys app, please visit: [iOS Devices](#). The Android app will be available in the beginning of March.

### About Sunesys, LLC

Sunesys is a leading provider of premium bandwidth services and private fiber optic networks. We own, operate, and maintain our own high density fiber optic network in major metropolitan areas across the U.S. Sunesys offers a comprehensive suite of tailored, high capacity, facilities-based network services coupled with superior industry expertise, service, and support. Sunesys provides telecommunications services and private fiber optic networks in Pennsylvania, New Jersey, Maryland, Delaware, Ohio, Illinois, Georgia, Florida and California.

Sunesys is a subsidiary of Quanta Services, Inc. (NYSE: PWR), a leading specialized contracting services company, delivering infrastructure network solutions for the electric power, natural gas and pipeline industries.
